POMC vision

03

“Planting and equipping churches”
In Egypt and the Middle East

POMC Services

Revitalizing existing churches

Help churches in Egypt with their needs, especially in terms of developing their ministries and expanding their congregations.

Planting new churches

Plant new churches in cities where there is thirst for the word of God. In deserted areas and slums

Missionaires

Send pastors and missionaries across the globe to the most needed countries where the word of God gives hope and love.

Palestine Service

We have allocated a significant financial investment to support an organization based in Palestine, specifically for the preparation and distribution of meals catering to men, women, and children within the region. This commitment reflects our dedication to addressing critical humanitarian needs, ensuring that essential sustenance reaches vulnerable populations, and contributing to the well-being and nourishment of individuals and families in Palestine.

Palestine Service

We have distributed 300 mattresses to families in Palestine, specifically in the regions of Arish, Rafah, Sheikh Zowaid, and El Mosaeid. This initiative underscores our commitment to providing essential support and relief to communities facing challenging living conditions. By ensuring access to comfortable bedding, we aim to improve the quality of life for individuals and families, particularly in areas affected by ongoing hardships. This effort is part of our ongoing mission to address immediate needs and contribute to the well-being and resilience of Palestinian households.

Palestine Service

We have distributed 500 meals to Palestinian families residing in the El Arish region, many of whom are classified as refugees. This endeavor reflects our deep-rooted commitment to alleviating food insecurity and supporting vulnerable communities. By providing nutritious meals, we aim to address immediate hunger challenges and contribute to the overall well-being and resilience of these families. This initiative is part of our ongoing efforts to stand in solidarity with refugees and marginalized populations, ensuring they have access to essential resources for a dignified and sustainable livelihood.

Palestine Service

We have also visited Palestinian families in their homes, where we extended our heartfelt prayers and support. This meaningful interaction allowed us to connect on a personal level, offering spiritual guidance and comfort during challenging times. Our visit aimed to foster a sense of community and solidarity, emphasizing the importance of compassion and empathy in our humanitarian efforts. Through prayer and outreach, we hope to uplift and empower individuals and families, reinforcing our commitment to standing alongside them in their journey towards hope, healing, and resilience.

Palestine Service

We have managed to furnish 20 apartments in El Arish, specifically designed to accommodate Palestinian refugees. Each apartment has been meticulously equipped to provide a comfortable and supportive living environment, featuring essential amenities such as beds, blankets, heaters, and kitchen supplies. Our commitment to refugee resettlement extends beyond mere shelter; we strive to create spaces that foster a sense of security, dignity, and stability for displaced individuals and families. By ensuring access to basic necessities and functional living spaces, we aim to facilitate a smooth transition and empower refugees on their journey towards rebuilding their lives.

Palestine Service

We have provided essential medications to support the healthcare needs of 150 Palestinian individuals on a monthly basis. This initiative is part of our ongoing commitment to improving access to vital healthcare services in the region. By ensuring a steady supply of medications, we aim to contribute positively to the well-being and quality of life of those in need within the Palestinian community. This effort underscores our dedication to humanitarian values and our mission to make a meaningful difference in the lives of individuals facing healthcare challenges

Palestine Service

We supported hospitals and medical aid tents in El Arish region that have been instrumental in treating wounded patients during times of conflict. We have contributed significantly by supplying essential medications, clothing, and footwear to these facilities, ensuring that they are equipped to meet the urgent needs of patients in distress. Additionally, we have gone the extra mile by providing personalized assistance to patients, addressing their individual needs and requirements. Furthermore, our efforts have extended to enhancing mobility and comfort for patients by donating fourteen wheelchairs, facilitating their recovery process. In parallel, we have also addressed the issue of hunger by distributing 100 nutritious meals to those in need

Prayer requests

We ask you to join us in prayer for the following

- **Our thoughts and prayers are with our brothers and sisters in Palestine, especially the wounded and vulnerable, during these challenging times. We pray for God's provision of their essential needs and for the blessing of heavenly peace amidst the ongoing conflict. May hope shine brightly in the midst of war's darkness.**
- **We also lift up POMC in prayer, asking for divine guidance in spreading the gospel and caring for God's people. May POMC be empowered to address not only medical but also psychological and physical needs, extending compassionate support to those in need.**

May God's blessings be with us as we pursue these prayers for the benefit of the people we hope to serve
